

FREESPACE

VILLA 
MESSNER
The good new times

Learn, train, try!

FREESPACE FOR COURSES, WORKSHOPS, GROUPS

Very few distractions (except for the enchanting landscape at our doorstep) and a very serene atmosphere in a house with few guests: the ideal prerequisites for a successful course, meeting, workshop or gathering of any kind. We plan each course individually with a preliminary interview to create the ideal conditions for your work, training or gathering.

We can adapt our **FREESPACE** to your demands and provide the right scenario for each specific activity. One day it's a cosy studio for your **YOGA OR QIGONG COURSE**, another day an exciting **STAGE** for a weekend choir meeting... and then we're back to **WORK** for an avalanche rescue course.

The venue is designed to accommodate small and medium groups and to make them feel at home. It features state-of-the-art equipment, an efficient high-tech lighting system and a healthy atmosphere. The views, as everywhere in our house and in the **VAL DI FUNES**, are enchanting to say the least: blue skies, lush forests and the **ODLE PEAKS**. And just outside the **FREESPACE**, our beautiful lawn, the ideal place for a quick break or outdoor exercises.
